Professional Summary: Passionate and adaptable individual with a robust background in IT and business management. Committed to becoming a proficient full-stack developer, leveraging technical expertise and creative problem-solving skills to drive innovation in software development projects.

Work Experience:

Graduate, Dev Academy, Auckland (Jan 2024 - May 2024)

- Collaborated on multiple full-stack projects using TypeScript, JavaScript, React, Express.js, and Node.js in team settings.
- Implemented frontend and backend components, ensuring seamless integration and functionality across the stack.
- Contributed to project success through effective communication, adaptability, and problem-solving skills.

Truck Driver/Machine Operator, Waste Management, Auckland (Oct 2021 - Dec 2023)

- Managed waste collection and disposal activities, operating Class 5 trucks and working as an excavator operator.
- Ensured compliance with environmental regulations and company policies.
- Collaborated with team members to optimize waste management processes and maintain a clean and safe work environment.

Truck Driver, Green Gorilla, Auckland (Jul 2019 - Sept 2021)

- Safely operated Class 4 trucks, adhering to traffic regulations and delivery schedules.
- Conducted thorough vehicle inspections and maintenance to ensure operational efficiency.
- Maintained clear communication with dispatchers and clients to facilitate smooth delivery operations.

Logistics Worker, Link2 Services, Auckland (Jan 2018 - Jun 2019)

- Managed logistics operations in warehouse environments, ensuring efficient inventory management and order fulfilment.
- Operated various equipment including forklifts, optimizing warehouse layout and workflow.
- Collaborated with team members to streamline processes and meet customer demands effectively.

Direct Marketeer, Vadacom, Hamilton (Apr 2017 - Sept 2018)

- Created sales leads for the Internet based phone system company.
- Day to day task involved communicating with non-technical customers and explaining how the IP based phone system worked.
- Facilitated the coordination and scheduling of meetings with prospective sales leads, optimizing communication and ensuring timely follow-up.

Web Development trainer, E-Profess, Bathinda, India (Dec 2014 - Nov 2016)

- Worked as a trainer teaching high school students in India basics of HTML and Object-Oriented programming. Helped them in building static web pages.
